Re: Recommendation for "The Incredible Boris"

To Whom It May Concern:

I am pleased to write a letter of recommendation for Boris Cherniak. I highly recommend Boris for entertainment.

I became acquainted with Boris via internet, when searching for a comedy hypnosis show. Boris personally called my cell phone and correspondences began. In my opinion, The Incredible Boris has the best comedy hypnosis show on the market. Any venue would be lucky to have him.

Our customers were extremely satisfied. They had no clue of how much fun they were going to have. They got more than they bargained for.

My recommendation of Boris is without reservation. His show would be an exuberant, fun-filled event.
